## MLGW Updates Restoration Numbers

(Feb. 8, 2008-12 a.m.) – The number of MLGW customers without power has dropped to around 1,800 as crews have continued to work around the clock to restore services in the wake of Tuesday's storm.

Most of the 1,800 customers without power are in the Hickory Hill area, which was hit hardest by the storm. Any customers who are outside the impact area: Winchester Road to the north, south to Stateline Road, west to Getwell Road and east to Kirby Parkway—and do not have power, should report their outage again by calling 544-6500.

More than 62,000 customers have been restored since the storm hit Shelby County.

### **Important MLGW numbers for customers:**
