The Corporation for National and Community Service's School Turnaround AmeriCorps Funding Opportunity

The School Turnaround AmeriCorps initiative is a collaborative effort by the Corporation for National and Community Service (CNCS) and the U.S. Department of Education (ED). This partnership will support the placement of AmeriCorps members in persistently underachieving schools across the country. Grants will be awarded to organizations that implement programs that utilize AmeriCorps members to engage in evidence-based interventions to increase educational achievement, high school graduation rates, and college readiness for students in our nation's lowest-performing elementary, middle, and high schools. Grants will fund projects that address multiple student needs and are aligned with comprehensive school turnaround plans.

An AmeriCorps member is an individual (recruited by an AmeriCorps grant program) who is enrolled in an approved national service position and engages in community service. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service members receive a Segal AmeriCorps Education Award from the National Service Trust.

Publication of this Notice does not Obligate CNCS or ED to award any specific number of grants or to obligate the entire amount of funding available.
