The Honorable Mike Rogers
Ranking Member
Committee on Armed Services
U.S. House of Representatives

Dear Chairman Smith and Ranking Member Rogers:

I am requesting funding for Multiple Drone, Multiple Sensor ISR Capabilities in fiscal year 2022. The entity to receive funding for this project is the University of Memphis Division of Research and Innovation, located at The University of Memphis, 315 Administration Building, Memphis, TN 38152.

The funding would be used to develop multiple drone, multiple sensor intelligence, surveillance, and reconnaissance capabilities including polarization, hyperspectral, and vibrometry, the use of which can provide the Army with organic battlefield situational awareness.

I certify that neither I nor my immediate family has any financial interest in this project.

As always, I remain,

Most Sincerely,

Steve Cohen
Member of Congress
